

Find affirming care and support for any care need.

Personalized LGBTQ+ care options and resources

You don't have to look for inclusive, affirming care options alone. Do it with an expert in your corner.

- Get vetted options for **local providers with experience supporting LGBTQ+ patients**
- Get **personalized educational resources and parenting support** if your child is exploring their gender identity and/or sexuality
- Get **transition support resources**, including gender marker and legal name changes
- Get connected with **affirming caregiver support groups** in your area and virtually
- Get **aging resources** including affirming options for senior living facilities and end-of-life planning
- Get support finding **affirming mental health services** that fit your specific needs
